

**APPLICATIONS FOR PARCEL DESIGNATION AND/OR SURVEY INSTRUCTIONS
SUBMISSION TO SURVEYOR GENERAL
LAND TITLE AND SURVEY AUTHORITY**

PAGE OF PAGES

When this form is submitted to the Surveyor General Division the submitter must insert a copy of the Offer for the land tenure made by the provincial government to the client, or other document authorizing the survey and/or disposition of Crown land. The Offer must be acknowledged by the client (that is, signed by the client).

If the survey is requested by the provincial government there will not be an Offer. However we still require something that confirms that the government has requested/authorized the survey.

Additionally we need a sketch plan showing the subject area. (A sketch plan is usually contained within an Offer document.) Specific questions or requests, or other information can be placed into the Explanatory Notes field.
