May 29, 1997

CIRCULAR LETTER TO ALL BRITISH COLUMBIA LAND SURVEYORS

Re: Revised Statutes

Further to Circular Letter No. 393, I would like to advise all land surveyors that changes to the *Land Title Act* begin at Section 134 and numbers increasing from there have changed. Of particular note is Section 215 under which many covenants are prepared. Please note that this is now Section 219.

There are significant changes in numbers to the various sections in the *Land Act* beginning at Section 4. I would encourage all land surveyors to obtain copies of the amended statutes to ensure the use of accurate section numbers on plans and in correspondence.

Yours sincerely,

Chuck Salmon
Surveyor General
