

CIRCULAR LETTER NO. 462

December 13, 2013

TO ALL BRITISH COLUMBIA LAND SURVEYORS

Re: Integrated Survey Area No. 51 City of Langford, Official Plan and Coordinates

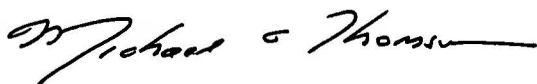

The coordinate control monument listing for the Langford Integrated Survey Area has been updated to include seven new coordinate control monuments and has been published in an electronic format under the authority of section 13(5) of the *Land Survey Act*. It is available for viewing or download from the Surveyor General Division section of the LTSA website under Integrated Survey Area Program. This web page displays a table of all Integrated Survey Areas in numerical order. The ISA number provides a link to the respective coordinate control monument listing.

An electronic map of the Langford Integrated Survey Area has been published in the Online Cadastre under the authority of section 13(1) of the Land Survey Act. The Online Cadastre shows the location and designation of the coordinate control monuments and the boundary of the integrated survey area on layers 'Survey Monuments' and 'Integrated Survey Areas' respectively.

A user may also link to the MASCOT Survey Control Database to obtain control monument sketches and coordinate information. To invoke this function within the Online Cadastre, set 'Survey Monuments' as the active layer and select a coordinate control monument with the identify tool.

Legal surveys within the Langford Integrated Survey Area must be integrated according to Part 5 of the General Survey Instruction Rules.

Yours sincerely,

Mike Thomson, BCLS
Surveyor General of British Columbia
