AND WATER RESOURCES
VICTORIA, B.C.

July 5, 1968

To All Government Agents

Dear Sirs:

Re: Permanent Survey Monuments

The Surveyor General has recently authorized four new types of Standard Posts. These will supersede the present B.C.L.S. Bar, the Standard Pipe Post, the Standard Driveable Post and the Standard Rock Post.

These four types of posts are made up from the following components.

B.C.L.S. Bar	- resale price \$0.85 plus 5% tax
Post Cap	- resale price \$0.75 plus 5% tax
Anchor plate	- resale price \$0.25 plus 5% tax
2½" bolt	- resale price \$0.50 plus 5% tax

See C.L. 253

It is intended that only in very special circumstances will you sell the B.C.L.S. Bars without selling a corresponding number of post caps. However, you may sell the post caps separately.

A supply of the B.C.L.S. Bars and Post Caps is being forwarded viatruck freight. A supply of the anchor plates and 2½" bolts will be forwarded to you at a later date.

I would be pleased if you will advise me of the number of old style posts which you have on hand at the present time.

Yours truly,

A handwritten signature in black ink, appearing to read 'G. S. Andrews', written over a horizontal line.

G. S. Andrews,
Surveyor-General and Director
