3.14	July 31, 2023	Section 4, 5	Added nature of interest Provincial Government Notice

1. Scanning Requirements

- (1) Scanned pages must be black on a white background.
 - Do not scan in color.
 - Do not scan in grayscale.
 - Do not save images as jpeg2000 or JBIG2 format.
 - Set the scanning options to 300 dpi black and white (called "binary" on some scanners).
 - Scanned image must be larger than 4"x 6" and no more than 8.5" x 14". The Director or Registrar of Land Titles may make exceptions to this requirement on a case by case basis.
 - Required font size is 12 point. Do not reduce legal size documents to letter size before scanning as the font becomes illegible.

- (2) Ensure that your scanner setting does not inadvertently scan an 8.5" x 11" document as an 8.5" x 14". If the paper size is slightly larger than 8.5" x 11" or the paper is misaligned in the scanner, the setting will automatically change to 8.5" x 14". If this happens, the text size will be reduced and legibility will be impaired which will be cause for a defect.

- (3) Scan directly to PDF in Adobe® Acrobat, select Create> PDF From Scanner> Black & White Document

- (4) For older versions of Acrobat select FAX or TIFF CCITT Group 4 compression to create an image file which can then be selected in Adobe Acrobat when you "Insert Pages". Adobe Acrobat will compress the file to a reasonable size when it is electronically signed.

1.1. Vital Statistics Certificates

And other documents with a dark background:

- (1) These certificates are difficult to scan as they are designed to prevent unlawful copying. For best results, try to eliminate as much of the background as possible. A better quality scan may be achieved

if you first copy the certificate on a copier with a lighter setting so that the names stand out from the background and then scan.

- (2) If you choose to scan directly from the certificate, adjust the contrast and brightness until the text is clear and the background has been eliminated as much as possible.
- (3) Scanners must have updated software compatible with Adobe Acrobat Standard 11 or higher.

2. General Information

- 1) The Form 17 has been divided into three web filing forms.
 - Form 17 Fee Simple to create a title
 - Form 17 Charge, Notation or Filing to create a charge, notation or filing
 - Form 17 Cancellation of Charge, Notation or Filing to cancel a charge, notation or filing
- 2) Complete the appropriate form and attach an imaged copy of the supporting document. The declaration required in Section 168.43 *Land Title Act* has been incorporated into the certification in the Form 17 making a separate declaration unnecessary.

Note: Readers are reminded to check applicable legislation to determine whether specific evidence is required for any of the permitted types of applications.

- 3) A single electronic Form 17 can only create one interest type -- Fee, Charge, or Release.
- 4) If a supporting document creates more than one interest type (e.g. a Fee and a Release or a Fee and a Charge) then separate Form 17s would need to be completed, one for the Fee and another for the release or charge. The supporting document, as listed in the following table, would be imaged and attached to each of the applications and the Form 17s would be submitted as a single package with a Property Transfer Tax form if applicable.
- 5) Mergers of charges in a foreclosure are listed in the additional information.
- 6) The [Land Title Web Filing Form Practice Guides](#) offer detailed practice information for completing the Form 17. A Form 17 must be completed and electronically signed online using a myLTSA Enterprise account and in compliance with the directions in the guides.

Note: See the Land Title Electronic Filing (EFS) User's Guide for instruction on inserting pages at <https://help.ltsa.ca/myltsa-enterprise/electronic-filing>

- 7) For specific types of interests, a Property Transfer Tax (PTT) form is required to be submitted with the Form 17. If a Property Transfer Tax form is required, it will be noted in the tables below. **Warning:** EFS rejects applications that contain more than one nature of interest for certain transaction types.
- 8) For specific types of interests, EFS accepts only one nature of interest per Form 17 application. You will need to create separate applications (one type per form) for these types of transactions. View a list of the affected natures of interest in Web Filing Form 17 Practice Guides – [Charge Notation or Filing, Section 2.5](#) and [Cancellation of Charge Notation or Filing, Section 2.4](#)
- 9) Certain transaction types, such as Caveats, Certificates of Pending Litigation and Expropriations, will receive a **preliminary examination** during regular Land Title Office hours prior to receiving an immediate application number, date and time. The affected Natures of Interest are listed in the following table.

3. Fee Simple Transaction Types

The current transaction types and the supporting document are as follows:

Electronic Form 17 - Fee Simple	Attach an image of the approved supporting document
Amendment to Title Owner Name	<ul style="list-style-type: none"> <input type="checkbox"/> Major amendments such as adding or removing a name require supporting evidence such as a Vital Statistics Certificate <input type="checkbox"/> Minor amendments such as a spelling error may be supported by a statutory declaration and consents of registered owners that may be required by the Registrar
